### Background

This collection consists of various documents related to Camp Beauregard, Louisiana. This material was collected by the staff of the Jackson Barracks Library, under the auspices of the Louisiana Adjutant General's Office between the 1920's and 2005. The collection underwent a restoration process after the effects of Hurricane Katrina in 2005. This resulted in some documents being refiled in the wrong folders. A process of removing multiply copies (retaining most legible copy), sorting and consolidation the contents of the 113 file folders and the creation of a Finding Aid was begun. As of July 2, 2015 the original 113 folders were reduced to the existing 39 with 32 folders remaining in this collection that have not been sorted and consolidated or included in this Finding Aid.
